Thanks so much and look forward to hearing your review about this awesome bag!

Water Bottle Holder

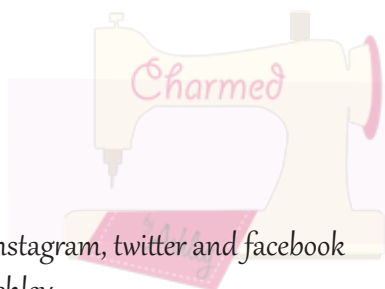

To learn how to make this pattern
visit www.charmedbyashley.com

Materials list - Canvas fabrics (outer fabric and a inner fabric)
you can use a cotton fabric but i would recommend stabilizing it
with some interfacing

D-Ring (optional)

A video tutorial has been provided also at
www.youtube.com/charmedbyashley

Water Bottle Holder

This pattern is specific to my childrens cups, thermos and contego brand but can be customized easily to fit any size water bottle

** Measure the widest part of the bottle and the bottom to the top of the bottle, add 1 inch to each measurement, use a circular object that is 1/2" bigger then the base to make the circle template (i used a ribbon spool)

This pattern will fit a bottle that is roughly 8 3/4" around and 7" Tall with wiggle room

Pattern piece 1 - Cut a rectangle 11" x 8"
