# Charmed By Ashley

About these this pattern

This is a super easy basket project, i provide you with 16 measurements for 8 different sizes of baskets with 2 different styles.

These are great to store things in and keep your organized!

I first designed them to stick plants in, in their nursery containers. such a beautiful simple way to display a plant in your home.

I love the natural look of this Heavy duty Canvas, but there are so many choices out there you can really have fun with this and match your own personal style.

For the handles i used the cork to keep on the natural theme

FAQ	Finished size	4"w x 5"h	6"w x 7"h	8"w x 8	10"w x 11"h

Can i make this with a regular sewing machine?

Yes! If you have fabric that frays using a Zig Zag stitch along all the sides will help make a strong basket. You may need to use a jean needle in your machine to be able to get through the thick seams.

What kind of handles should i use?

Handles can be made out of anything, a piece of cork fabric, create some fabric strapping with your base fabric, old purse straps you may have laying around, some ribbon or polyester/cotton webbing.

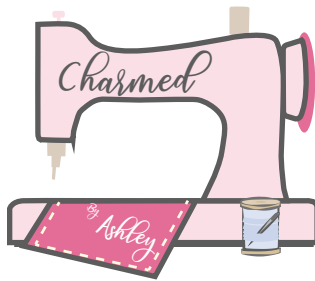

What kind of Fabric do you recommend?

Canvas Fabric would be my number one, look for one that says heavy duty as it will be strong and hold up well, if using it for a plant using some waterproof canvas will keep the water inside and damaging any surfaces.

6" Basket base

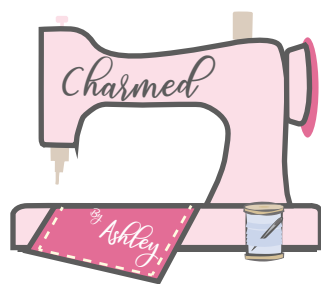

4" Basket base

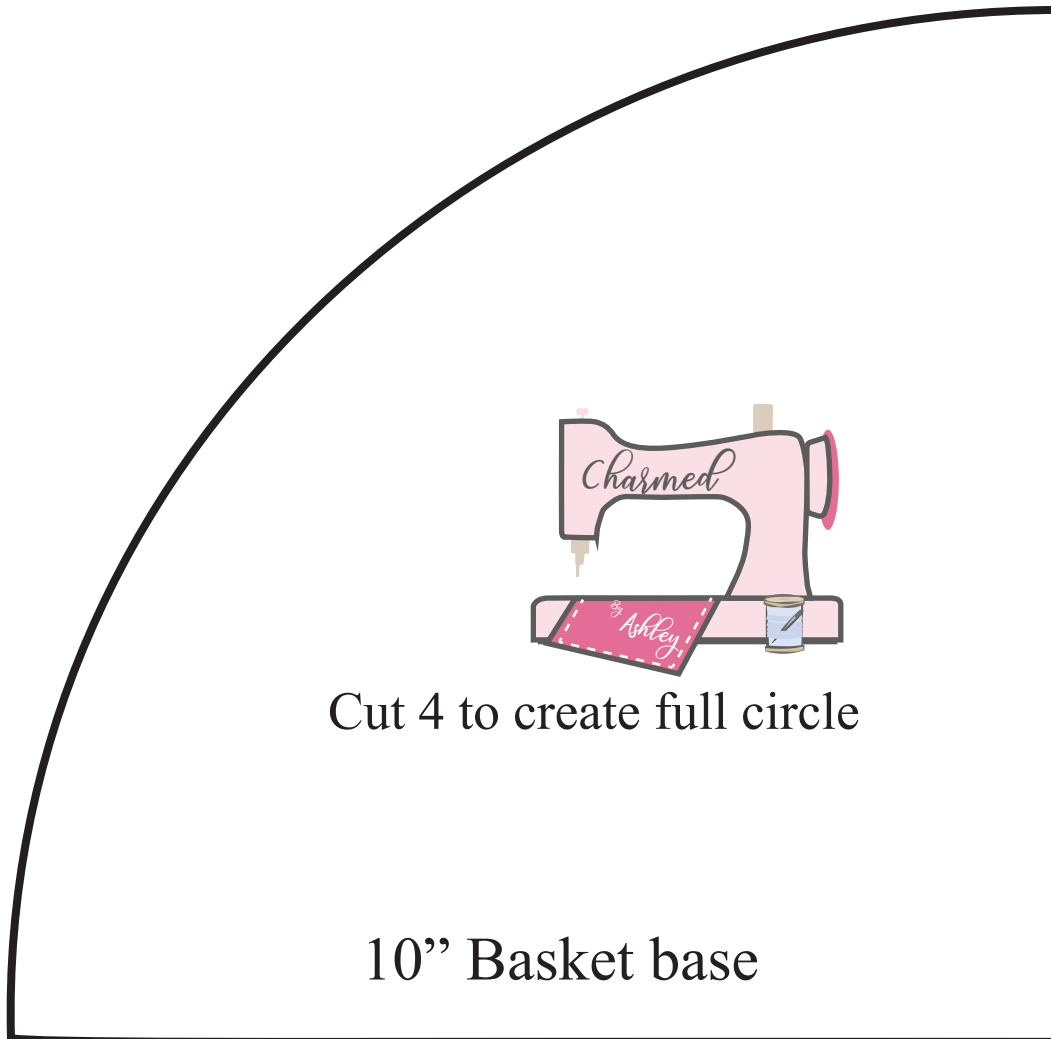

Dont forget to Share and follow on FB and Instagram if you make these!

Cut 2 to create full circle,  
or cut on the fold

8" Basket base

Cut 4 to create full circle

10'' Basket base
