

For this pattern you need very little fabric, a fat quarter or half a yard of fabric can make a few

some Ribbon or Cord for the tie

If you are unable to print out the pattern Follow these instructions

Carrot piece measures 6" x 7"  
Top piece measures 6" x 6"

take the carrot piece fold in half length ways  
measure down 1" from the side and place your ruler  
at the 1" mark to the fold and cut

This Excess is no longer needed

If you printed the pattern and cut out your pieces Begin here

Place your Carrot piece ontop of your top piece with the right sides together lining up the edges

Sew with a 1/4" seam allowance

Optional\*\*

Open the piece and sew a top stitch along the edge for a more professional look

Place the two sides of the carrot right sides together, try to line up the seam where the carrot meets the top piece

Sew along all the sides except the top of the “top” piece with a 1/4” seam allowance

For these raw edges you can use a serger if you have one on hand or you can use pinking shears such as these  
This will prevent fraying

Do the top edge as well

Fold down the top of the carrot all the way to the top of the carrot piece

We will be doing a double seam to create a casing for our ribbon closure

This worked best for me to sew the seams  
 Make sure your two seams are far enough apart to put a ribbon  
 and a safety pin \*\*I like to use a safety pin when inserting ribbon

my seams are about 1/2" apart  
 Use a 1/4" or 1/2" ribbon

Using a stitch ripper you will carefully cut the stitches that are on the top layer of fabric and only inbetween the two seams we did

\*\*It is very easy to accidentally slice the fabric or piece the second layer of fabric so take your time and you will be able to do it no problem!

Add your ribbon fill with candy and goodies and your done!

# Top Piece

Cut two pieces

Follow @charmedbyashley

recoomend use 1/4 - 1/2" Ribbon or a satin cord

# Carrot Piece

Cut two pieces
